

## Questions from 2010 Opportunity Grant Pre-proposals

1. Describe the specific purpose for the funds being requested from the Life Sciences Discovery Fund (LSDF). Explain why this request is time-sensitive.
2. Describe why this opportunity grant request is inappropriate for other LSDF granting mechanisms (*i.e.*, program, project or commercialization grants).
3. What other funding has been applied for or committed to the activity underlying this request? Describe the source and magnitude of the funding and any associated time constraints (*e.g.*, award notification dates, time-related contingencies).
4. Describe how the LSDF funds would be matched or leveraged by other sources. What is the magnitude of, and expected timeframe for, leverage?
5. Describe how the contemplated opportunity grant will improve health or health care in Washington state.
6. Describe how the contemplated opportunity grant will contribute to Washington state's economy.
7. Describe how the contemplated opportunity grant will contribute to the competitiveness of Washington state's life sciences sector.
